Spring / Summer 2026

“At **ASHLEIGH & BURWOOD**
*we have always believed in the power of
fragrance. It has the ability to evoke
memories, spark joy, and is integral to
styling the home and making it your own.*”

ANDREW NETTLETON
FOUNDER

In 2026, let's make every home a beautifully Scented Home.

Since our inception in 1993, we've been committed to our belief that scenting the home should be accessible to everyone, and shouldn't cost the Earth. We continue to innovate, bringing our customers a broader selection of great home fragrance than ever before, whilst continually working on our sustainability initiatives.

We are lucky to have a brilliant in-house technical and regulatory team who work hard to optimise the strength and longevity of all of our fragrances, ensuring that the customer experience is always great and our products always perform.

Introducing the new *SCENTED HOME* collection

SPRING / SUMMER 2026

Our new refreshed The Scented Home collection takes its visual cues from a bounty of natural ingredients that inspire us everyday - from crisp tangy exotic fruits, through mouthwatering spices from all corners of the globe to the unsung floral and herbal heroes hiding amongst British hedgerows every Spring.

Our new vibrant illustrative designs pay homage to these, the main characters at the heart of all of our fragrances.

*However you scent your home,
The Scented Home is your new best fragrant friend.*

Secrets to a beautifully Scented Home

Making the most of scent and creating a scented vibe of your own is easy if you follow our foolproof fragrancing methods!

Simply...

1. FRAGRANCE LAYER -

Use a Reed Diffuser for low-level lasting scent that continues to fill the space even when you are away from home, then light a candle on return to create a cosy atmosphere. Use a Fragrance Oil in a burner and pop your Scented Sachets and Ceramics in closed spaces such as wardrobes, cars, drawers and quickly refresh and boost your level of scent at any time with a Room Mist.

2. FRAGRANCE ZONING -

Use different scents to 'theme' the different areas of your home and evoke emotion, turning to crisp, fruity and herbal scents for the kitchen and dining spaces, a sophisticated and opulent scent for living spaces, and something a little sensual yet cosy for the bedrooms.

*Luxury scent,
Everyday joy.*

From daylong diffusers to
soft glowing candlelight,
we are here for every
moment of your day.

A fragrance for every
corner of the home.

Inviting homes,
beautifully fragranced
from dawn til dusk.
