FEATURES & BENEFITS

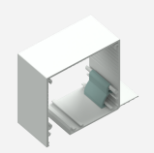

FEATURES	BENEFITS
 Mud-in profiles to recess manual and electric drapery tracks	Tracks, curves and end sets all have skim coat flanges to minimize the risk of cracks.
 Brackets of different sizes and shapes to fit popular drapery tracks.	Brand specific brackets ensure flush installation of different drapery tracks.
 With or without a centered channel in the track profile, for fixing to.	Drapery tracks can be installed perfectly centered and fixed to the recessed profile.
 Perfect-fit end sets for Somfy, Lutron, Silent Gliss, Crestron and many more	Minimum ceiling cut-out with the recess perfectly following the shape of the ends.
 Flat ends for manual drapery tracks	Keep the same look in all windows with manual or electric drapery systems.
 Curved sections ranging from a radius of 250mm to 508mm.	Tracks can be installed in corner windows, bay windows and in other room layouts.
 Splice pins to connect track profiles, curve sections and end sets	Tracks can be delivered in shorter lengths and all parts perfectly align after installation.

WORDS FROM SOME OF OUR **DISTRIBUTORS**

We have worked closely with Blindspace, distributing products throughout the UK since 2018. It had been a steady growth and we supply between 100-150 companies with Blindspace products every year.

BILL WYATT
MANAGING DIRECTOR, FARNBOROUGH BLINDS
Distributor, United Kingdom

We are absolutely thrilled by the Blindspace opportunity. With many years in the industry we know good products when we see them and the architects and designers love them. We are sending products across Western Canada.

RHONDA HOLMAN
MANAGING DIRECTOR, HH POCKETS
Distributor, Canada

We represent Blindspace in Belgium, The Netherlands and Luxembourg and architects are really loving this solution. Also, the traditional decorators are seeing the positive effect of this solution and they have been presenting these solutions in their showrooms.

PHILIPPE BONNEEL
BUSINESS DEVELOPMENT, DECOLINE
Distributor, Belgium

We are distributors for Blindspace M SERIES in the US and it is a product like no other on the market. We have presented this at trade shows such as CEDIA with great results and are selling to AV dealers and shading specialists across the US.

HANNAH & BRIAN TONOALE
OWNERS, LIGHT & SHADE SOLUTIONS
Distributor, US

WORDS FROM SOME OF OUR OWNERS, PROJECT MANAGERS & TECHNICIANS

We are a traditional English shading company with long history working with brands such as Lutron and Silent Gliss. When looking at last years numbers, Blindspace was in 40% of our quotes going out. Amazing really!

STEVEN GOODE
MANAGING DIRECTOR, SHADING SPECIALISTS
Key Client, United Kingdom

As a specialist blinds installer, knowing that you have the space agreed available, the wiring in the right locations and able to quickly install and close the cover plates for millimeter precision, is price-less.

DAVE LACY
HEAD TECHNICAL ENGINEER, GRANTS BLINDS
Key Client, United Kingdom

We have grown the market for concealed blinds together with Blindspace with increasingly complex projects and installations. I am confident to say we are the most experienced Blindspace integrator in the world with more than 100 projects under our belt.
